Dear Ms. Davies:

This is to advise you that your Protection Officer Training Program as recently provided to our office meets the current training criteria as per Section 15.(1)(a) of the *Private Investigation and Security Services Act* of the province of Newfoundland and Labrador.

Please note that it is our intention to review the training criteria using the standard that is currently being developed by the Canadian General Standards Board. At that time if your course does not meet the standard we will advise you of the deficiencies and allow you ample time to update your course.

Regards,
