International Foundation for Protection Officers Mission Statement

Mission Statement Part I.

The International Foundation for Protection Officers provides professional learning opportunities for security practitioners, to impart the knowledge, skills, and competencies required to maximize job performance and enhance career potential.

Purpose: to make a positive difference in the quality of the participant's job performance and elevate the professional status of students who partake of our learning opportunities.

Business: to supply committed security practitioners with a quality education to help achieve their highest potential and provide recognized accreditation for successful completion of educational goals.

Values: commitment, integrity, responsibility, and standards of excellence, provide the platform that supports our journey as we pursue our mission.

Vision Statement

Commitment to Excellence: To be the recognized center of excellence and primary provider of education and training products and services to the security industry.

Mission Statement Part II.

"The International Foundation for Protection Officers is committed to the support and professional development of protection officers and supervisors. Through advocacy, promoting training standards, and providing accessible training, education and certification opportunities, we seek to enhance their professional standing as well as increase and diversify the value of the vital services they provide."

The International Foundation for Protection Officers Objectives

- Provide education and certification to security officers in the United States of America, Canada, and throughout the world.
- Develop and maintain security training standards that improve the quality of job performance of security officers.
- Establish standards of ethics for security officers and to encourage adherence to these standards.
- Fund research projects that will further educational opportunities for security officers.
- Conduct seminars and other educational projects to enhance the continuing education of security guards.
- Improve the public perception and awareness of the duties and responsibilities of security guards.
- Enhance the knowledge and education of security officers through the publication of periodicals, security training textbooks and security officer information bulletins.
- Encourage security officers to strive for high levels of career achievement and gain a broader understanding of the principles of asset protection in the interest of the public, clients and employees.
- Affiliate with universities, colleges and security professionals in the private and public security sectors for the purpose of furthering education and certification opportunities for and security guards.
- Encourage cooperation between the public and private security organizations and recognized law enforcement agencies for greater understanding and appreciation of the benefits that can be realized from this joint effort.
