A CALL FOR RESEARCH FUNDING

INVESTIGATING THE MODERN ROLE AND COMPLEXITY OF DUTIES FOR SECURITY OFFICERS

\$15,000 already raised!

GROUND BREAKING: IFPO, in cooperation with Dr. Martin Gill of Perpetuity Research, will be conducting a research study to define the roles and scope of security officers. This research will be focused on better understanding the role and complexity of security officers in the 21st century.

GOAL: To generate insights on areas of responsibilities and the complexity associated with each identified area.

PARTNER/SPONSOR BENEFITS:

- Opportunity to set the benchmark for the key roles and future of the security industry.
- Exclusive coverage in Security Magazine - print and website.
- Highlighted coverage in IFPO Insights Newsletter and IFPO website.
- Regular updates on progress/research milestones.
- Virtual interview with recognition in final publication.
- Access to report 3 months before public release.
- Online presentation of research findings for members only, prior to public release.
- Complimentary Final Report.
